Head of School: Miss H Kahlon

10th June 2021

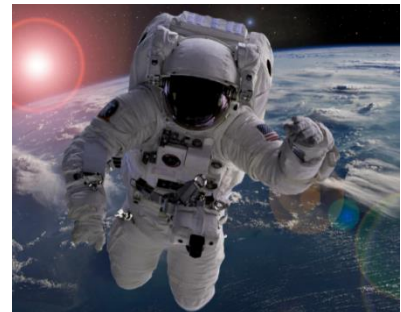

Dear Parents/ Carers,

Hill Avenue are going into space! As part of our exciting Skills Builder programme, on Monday 12th July, all the year groups will be taking part in Operation Moon Base where the children will have the chance to develop the skills of: speaking, listening, teamwork, creativity, aiming high and staying positive through an innovative series of challenges. These range from deciding where best to build a settlement, how they would feed their population, to debating whether to prioritise health care or education once they have established their colony on a limited budget.

Each phase will enjoy the range of exciting learning opportunities designed to help your children to hone the kinds of skills that will stand them in good stead in their future education and employment. To immerse the children further in the experience – children are invited to come in fancy dress along the theme of Space or in their own clothes, with a donation of £1 going towards offsetting the cost of the resources needed for the day.

Potential themes :-

- a scientist
- their favourite scientist
- a space adventurer
- a child from the future
- an alien (friendly or otherwise!)
- anything to do with Operation Moonbase that they have thought of that we haven't!

If you have any questions, please do not hesitate to get in touch.

Kind regards,

Miss J Flavell and Mr P Harvey

Skills Builder Lead Teachers.
